

HEALTHY CONGREGATIONS FACILITATOR TRAINING

Healthy Congregations is a series of six workshops, each five sessions in length. It was designed by Dr. Peter Steinke to help congregations move forward in their ministry. Healthy Congregations workshops are based on systems theory in their understanding of congregations. This perspective has helped hundreds of congregations understand the dynamics of working together. By participating in this facilitator training event, you will be able to purchase the materials and to lead the workshops in the congregation you serve.

The training event will be held at Luther Seminary on Thursday, October 28, from 9:00 a.m. to 8:00 p.m., and on Friday, October 29, from 9:00 a.m. to 12:30 p.m. Enrollment is limited to 15 participants.

The cost of the training is \$425.00 and includes all materials, meals(lunch and supper on Thursday and lunch on Friday), coffee and fees.

Leaders for the training are Pastor Roger Schwarze and Pastor Bill Strom.
